

117TH CONGRESS
1ST SESSION

H. R. 4235

To require the Administrator of the National Oceanic and Atmospheric Administration to award grants to certain entities for purposes of carrying out climate-resilient living shoreline projects that protect coastal communities, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

JUNE 29, 2021

Mr. PALLONE introduced the following bill; which was referred to the Committee on Natural Resources, and in addition to the Committee on Science, Space, and Technology, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To require the Administrator of the National Oceanic and Atmospheric Administration to award grants to certain entities for purposes of carrying out climate-resilient living shoreline projects that protect coastal communities, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Living Shorelines Act”.

5 **SEC. 2. DEFINITIONS.**

6 In this Act:

1 (1) ADMINISTRATOR.—The term “Administrator” means the Administrator of the National
2 Oceanic and Atmospheric Administration.

4 (2) INDIAN TRIBE.—The term “Indian Tribe”
5 has the meaning given that term in section 4 of the
6 Indian Self-Determination and Education Assistance
7 Act (25 U.S.C. 5304).

8 (3) LIVING SHORELINE PROJECT.—The term
9 “living shoreline project” means a coastal natural
10 infrastructure project that—

11 (A) restores or stabilizes a shoreline using
12 predominately natural materials to create buffers to attenuate the impact of coastal storms,
13 currents, flooding, and wave energy and to prevent or minimize shoreline erosion while providing a net ecological and climate benefit to ecosystems and habitats;

18 (B) to the extent possible, maintains or restores existing natural slopes and connections between uplands and adjacent wetlands or surface waters; and

22 (C) as necessary, can retrofit hardened structures or surfaces to create blended projects that combine living shoreline elements with hardened techniques.

1 (4) NATURE-BASED INFRASTRUCTURE.—The
2 term “nature-based infrastructure” means a feature
3 that is created by human design, engineering, and
4 construction to provide risk reduction in coastal
5 areas by acting in conjunction with natural proc-
6 esses.

7 (5) STATE.—The term “State” means each of
8 the several States, the District of Columbia, the
9 Commonwealth of Puerto Rico, the United States
10 Virgin Islands, Guam, American Samoa, and the
11 Commonwealth of the Northern Mariana Islands.

12 **SEC. 3. LIVING SHORELINE GRANT PROGRAM.**

13 (a) ESTABLISHMENT.—The Administrator shall
14 award grants to eligible entities for purposes of—

15 (1) designing and implementing large- and
16 small-scale, climate-resilient living shoreline projects;
17 and

18 (2) applying innovative uses of natural mate-
19 rials and systems to protect coastal communities,
20 habitats, and natural system functions.

21 (b) ELIGIBLE ENTITIES.—For purposes of this sec-
22 tion, an eligible entity is any of the following:

23 (1) A unit of a State or local government.

24 (2) An organization described in section
25 501(c)(3) of the Internal Revenue Code of 1986 that

1 is exempt from taxation under section 501(a) of
2 such Code.

3 (3) An Indian Tribe.

4 (c) PROJECT PROPOSALS.—To be eligible to receive
5 a grant under this section, an eligible entity shall submit
6 to the Administrator a proposal for a living shoreline
7 project that includes—

8 (1) monitoring, data collection, and measurable
9 performance criteria with respect to the project; and

10 (2) an engagement or education component that
11 seeks and solicits feedback from the local or regional
12 community most directly affected by the proposal.

13 (d) PROJECT SELECTION.—

14 (1) CRITERIA.—

15 (A) IN GENERAL.—The Administrator
16 shall select eligible entities to receive grants
17 under this section based on criteria developed
18 by the Administrator.

19 (B) CONSIDERATIONS.—In developing cri-
20 teria under subparagraph (A) to evaluate a pro-
21 posed living shoreline project, the Administrator
22 shall take into account—

23 (i) the potential of the project to pro-
24 tect the community and maintain the via-
25 bility of the environment, such as through

1 protection of ecosystem functions, environmental
2 benefits, or habitat types, in the area where the project is to be carried out;

3 (ii) the historic and future environmental
4 conditions of the project site, particularly those environmental conditions af-
5 fected by climate change;

6 (iii) the net ecological benefits of the
7 project, including the potential of the
8 project to contribute to carbon sequestra-
9 tion and storage;

10 (iv) the ability of the entity proposing
11 the project to demonstrate the potential of
12 the project to protect the coastal commu-
13 nity where the project is to be carried out,
14 including through—

15 (I) mitigating the effects of ero-
16 sion;

17 (II) attenuating the impact of
18 coastal storms and storm surge;

19 (III) mitigating shoreline flood-
20 ing;

21 (IV) mitigating the effects of sea
22 level rise, accelerated land loss, and
23 extreme tides;

(V) sustaining, protecting, or restoring the functions and habitats of coastal ecosystems;

(VI) protecting important cultural sites or values;

(VII) protecting low income communities, communities of color, Tribal communities, Indigenous communities, and rural communities;

(VIII) sustaining, protecting, or restoring the functions and habitats of marine protected areas; or

(IX) such other forms of protection as the Administrator considers appropriate; and

(v) the potential of the project to support climate resiliency at a military installation or community infrastructure supportive of a military installation (as such terms are defined in section 2391 of title 10, United States Code).

(2) LIVING SHORELINE ENGINEERING STAND-

ARD.—

(A) ESTABLISHMENT.—The Administrator, in consultation with the Army Corps of

1 Engineers, shall establish an engineering stand-
2 ard applicable to living shoreline projects for
3 each region of the United States.

4 (B) USE.—The Administrator shall use the
5 standard established under subparagraph (A) in
6 selecting eligible entities to receive grants under
7 this section.

8 (C) CONSULTATION; INPUT.—In estab-
9 lishing the standard under subparagraph (A),
10 the Administrator may—

11 (i) consult with—

12 (I) State coastal management
13 agencies;

14 (II) Indian Tribes and Tribal or-
15 ganizations; and

16 (III) relevant interagency coun-
17 cils, such as the Estuary Habitat Res-
18 toration Council; and

19 (ii) seek input from relevant non-
20 governmental organizations.

21 (e) USE OF FUNDS.—A grant awarded under this
22 section to an eligible entity to carry out a living shoreline
23 project may be used by the eligible entity only—

1 (1) to carry out the project, including adminis-
2 tration, design, permitting, entry into negotiated in-
3 direct cost rate agreements, and construction;

4 (2) to monitor, collect, and report data on the
5 performance (including performance over time) of
6 the project, in accordance with standard established
7 by the Administration under subsection (d)(2)(A); or

8 (3) to incentivize landowners to engage in living
9 shoreline projects.

10 (f) MONITORING AND REPORTING.—

11 (1) IN GENERAL.—The Administrator shall re-
12 quire each eligible entity that receives a grant under
13 this section to carry out a living shoreline project (or
14 a representative of the entity)—

15 (A) to monitor the project and to collect
16 data on—

17 (i) the ecological, climate, and eco-
18 nomic benefits of the project; and

19 (ii) the protection provided by the
20 project for the coastal community where
21 the project is carried out;

22 (B) to transmit to the Administrator data
23 collected under the project;

24 (C) to make data collected under the
25 project available on a publicly accessible inter-

1 net website of the National Oceanic and Atmos-
2 pheric Administration; and

3 (D) upon the completion of the project, to
4 submit to the Administrator a report on—

5 (i) the monitoring and data collection
6 activities carried out under subparagraph
7 (A); and

8 (ii) the effectiveness of the project in
9 increasing protection of the coastal com-
10 munity where the project is carried out
11 through living shorelines techniques, in-
12 cluding—

13 (I) a description of—
14 (aa) the project;
15 (bb) the activities carried
16 out under the project; and
17 (cc) the techniques and ma-
18 terials used in carrying out the
19 project; and

20 (II) data on the performance of
21 the project in providing protection to
22 that coastal community.

23 (g) AUTHORIZATION OF APPROPRIATIONS.—There is
24 authorized to be appropriated to the Administrator

1 \$50,000,000 for each of fiscal years 2022 through 2026
2 for purposes of carrying out this section.

3 **SEC. 4. LIVING SHORELINE AND NATURE-BASED INFRA-**
4 **STRUCTURE RESEARCH PROGRAM.**

5 (a) ESTABLISHMENT.—The Administrator shall
6 award, on a competitive basis, research grants to eligible
7 entities to carry out projects focused on developing and
8 assessing the effectiveness of innovative approaches to na-
9 ture-based infrastructure for the purposes of—

10 (1) preparing more climate-resilient, sustainable
11 cities and climate-resilient communities;

12 (2) reducing the costs associated with climate-
13 related disasters, the degradation of built infrastruc-
14 ture, and human relocation; and

15 (3) accomplishing improved climate resilience
16 while maintaining ecosystem functions and habitats
17 to the greatest extent possible.

18 (b) ELIGIBLE ENTITIES.—For purposes of this sec-
19 tion, an eligible entity is any of the following:

- 20 (1) An institution of higher education.
21 (2) A nonprofit organization.
22 (3) A State, local, or Tribal government.
23 (4) A for-profit organization.
24 (5) A United States territory.

1 (6) A Federal agency that is authorized by stat-
2 ute to receive transfers of funds.

3 (c) RESEARCH PRIORITIES.—The Administrator
4 shall award grants to eligible entities for projects that
5 focus on one or more of the following:

6 (1) Assessing the effectiveness of installed na-
7 ture-based infrastructure in addressing, as applica-
8 ble, coastal resilience, shoreline erosion, storm dam-
9 age, including windstorms, inland flooding, water
10 quality, impact on local ecosystems, and such other
11 criteria as the Administrator determines appro-
12 priate.

13 (2) Novel approaches to nature-based infra-
14 structure and living shorelines aimed at optimizing
15 resilience to climate change, extreme weather, and
16 ecosystem sustainability.

17 (3) Interdisciplinary research, including engi-
18 neering, environmental and ecosystem sciences, biol-
19 ogy, and social science.

20 (4) Regional, community, and industry partner-
21 ships to create locally informed solutions.

22 (d) REPORTS FOR INFORMING GRANT SELECTION.—

23 (1) REPORT REQUIRED.—An eligible entity that
24 receives a grant for a project under this section
25 shall, not later than the date on which such project

1 concludes, submit to the Administrator a report
2 summarizing the findings of the project.

3 (2) USE OF REPORTS.—The Administrator
4 shall use each report submitted under paragraph (1)
5 to inform the selection and prioritization of living
6 shoreline projects under section 2 and other nature-
7 based infrastructure projects.

8 (e) USE OF PROGRAMS.—In carrying out this section,
9 the Administrator is encouraged to use—

10 (1) the National Oceanographic Partnership
11 Program established under section 8931 of title 10,
12 United States Code, as a means for collaboration
13 and coordination to leverage partnerships between
14 public institutions of higher education and Federal
15 agencies;

16 (2) the Coastlines and People initiative of the
17 National Science Foundation as a tool to use ongoing
18 interdisciplinary research;

19 (3) the national sea grant college program
20 maintained under the National Sea Grant College
21 Program Act (33 U.S.C. 1121 et seq.) as a resource
22 to help foster collaboration between public institu-
23 tions of higher education and Federal agencies; and

1 (4) the Community Resilience Center of Excel-
2 lence of the National Institute of Standards and
3 Technology.

4 (f) AUTHORIZATION OF APPROPRIATIONS.—There is
5 authorized to be appropriated to the Administrator
6 \$5,000,000 for each of fiscal years 2022 through 2026
7 for purposes of carrying out this section.

○
